Learners Today, Leaders Tomorrow, Rangers Forever

This handbook is being provided to help students and their families become acquainted with how our school operates. It is not meant to create a contract with the student, but simply states the current status of the rules and policies. This handbook is only a summary of board policies governing the district. Complete board policies are available to the public at the district office. We consider each child and parent who enters our doors a special individual and we will make every effort to meet the needs of each child and his or her parents. It is our hope that by working together we can build a solid foundation for each child's educational future. We encourage your cooperation, support, questions, and concerns. Always feel free to contact your child's teacher with any questions that may arise. It is extremely important for students and parents to become familiar with the information contained in this handbook. If the need arises, items in this handbook may be amended during the year without notice. If you have questions or concerns during the school year, please call the school at 438-7181.

School Attendance:

Illinois law requires that whoever has custody or control of any child between six (on or before September 1) and seventeen years of age shall assure that the child attends school in the district in which he or she resides, during the entire time school is in session. Illinois law also requires that whoever has custody or control of a child who is enrolled in the school, regardless of the child's age, shall assure that the child attends school during the entire time school is in session.

In order to have perfect attendance, a student must be at school from 8:00 a.m. through 2:45p.m. Students who are tardy or leave school early will not have perfect attendance.

Arrival

All students are expected to attend school daily except in case of illness or other excused absences. Students should arrive at school by 8:00 a.m. unless they are eating breakfast. Breakfast will be served from 7:30 a.m.—8:00 a.m. Please allow enough time for your child to finish breakfast by 8:00 a.m. Students arriving at school to eat breakfast must enter the K-2 gym doors. **No students should arrive at school before 7:30 a.m.** Adult supervision of students begins at 7:30 a.m. K-2 students should report to the K-2 gym prior to 8:00 a.m. Students in 3rd and 4th grade, not eating breakfast, should report to the 3-4 gym prior to 8:00 a.m. No students are allowed in the classroom before 8:00 a.m. Students arriving after 8:00 a.m. must sign in at the office and will be considered tardy.

Traffic

All K-2 students and all K-4 students eating breakfast must be dropped off on the sidewalk at the north door of the K-2 gym. Any 3-4 students not eating breakfast must be dropped off at the sidewalk in front of the 3-4 building. No students may be dropped off along any other roads. Please do not park along the road in the mornings. Handicap parents or parents picking up a handicap child may park in the handicap parking spots in the teacher parking lot.

Cell Phones and School Zones

Illinois law prohibits drivers from talking on cell phones. The law does provide 3 exceptions for talking on a cell phone, including:

- The driver is using a voice-operated and hands-free device.

- The driver has the cell phone on speaker phone and is not holding the device; or

- The driver is calling 911 to report an emergency situation.

All Illinois drivers are prohibited from texting while driving. There are exceptions for driver's texting:

- For the sole purpose of reporting an emergency situation and continued communication with emergency personnel during the emergency situation.

- Using a device in hands-free or voice-activated mode;

- If the driver is parked on the shoulder of a roadway; or

- When the vehicle is stopped due to normal traffic being obstructed and the driver has the motor vehicle transmission in neutral or park.

Students may have cell phones in their possession. They must be turned off and not visible during the school day. If cell phones are visible or audible, they will be confiscated by administration. Violations of the cell phone policy are subject to discipline. Parents must reclaim these at the school office.

Checking In/Out of the Building

If your child arrives late to school due to an appointment or other personal reason, parents must bring them into the office and sign them in with the school secretary. If you plan to pick your child up during the day due to illness at school, for an appointment, etc., sign your child out at the office with the school secretary. Children will not be allowed to leave on their own word or go with a different adult without a signed note or phone call from the child's parent or guardian.

Visitors

Visitors are welcomed at Benton Grade School. During the school day all visitors to school will be admitted at the main office. For the safety of students and staff, all other entrances are locked during school hours. Visitors must sign in, identifying their name, the date and time of arrival, and the classroom or location they are visiting. **All visits to classrooms must be pre-arranged.** Approved visitors must take a tag identifying themselves as a guest and place the tag to their outer clothing in a clearly visible location. Visitors are required to proceed immediately to their location in a quiet manner. All visitors must return to the main office and sign out before leaving the school. Teachers are not to admit unauthorized visitors to the classroom without a visitor's pass. Parents are encouraged to visit the classroom any time during the school year, if visiting the classroom please make arrangements with the classroom teacher or administration to avoid interrupting the instructional environment. Parent/teacher conferences must be arranged at a mutually agreeable time before or after school, so that classes will not be interrupted.

Dismissal

All students will be dismissed at 2:45p.m. Kindergarten through 2nd grade car riders will be dismissed through the following doors: Kindergarten through the front Kindergarten doors, 1st grade and 2nd grade through the northeast doors. All 3rd & 4th grade students will be dismissed through the front doors of the 3-4 section. **Parents picking up their child after school may meet them as they exit the building.** For security reasons, parents will not be allowed to wait inside the building to pick up their child after school.

If for some reason a student's normal transportation home is being altered for a day or short period of time, a written note from the parent/guardian must be given to the child's teacher. If this change in transportation involves riding the bus home, an administrator or school secretary must sign this note before the student may board the bus. If the school does not receive a written notice from the parent/guardian, the child will be sent home in the routine fashion.

If you need to call the school to change transportation home for a day, you must call school before 2:00 p.m. of the day of the change. Please do not call any later.

Reporting Absences

Please contact the school office (438-7181) before 9:00 a.m. to report any absence of your child or send a note explaining the absence upon returning to school. Students are marked unexcused unless we hear from the parents or guardians. If a call has not been made to the school within the first two hours on the day of a student's absence, a school official will call the home to inquire why the student is not at school. If the parent or guardian cannot be contacted, the student will be required to submit a signed note from the parent or guardian explaining the reason for the absence. Failure to do so shall result in an unexcused absence.

Repeated unexcused absences will be reported to the truant officer at the Regional Office of Education and other participating agencies.

Excused absences include illness (including mental or behavioral health of the student), observance of a religious holiday, death in the immediate family, family emergency, circumstances beyond the control of the student, circumstances that cause reasonable concern to the parent/guardian for the student's mental, emotional, or physical health or safety, or other reasons approved by District administration or by the Board of Education. Students may be absent for mental or behavioral health for up to five days without providing a medical note. Students absent for mental or behavioral health will be given an opportunity to make up any missed school work. After the second mental health day used, the student may be referred to the appropriate school support personnel.

A student will be excused for up to 5 days in cases where the student's parent/guardian is an active duty member of the uniformed services and has been called to duty for, is on leave from, or has immediately returned from deployment to a combat zone or combat-support postings. The Board of Education, in its discretion, may excuse a student for additional days relative to such leave or deployment. A student and the student's parent/guardian are responsible for obtaining assignments from the student's teachers prior to any excused absences and for ensuring that such assignments are completed by the student prior to his or her return to school.

The Illinois School Code defines chronic absenteeism as absences that total 10% or more of school days of the most recent academic school year, including absences with and without valid cause. The school will provide three (3) written notifications (to include school and community resources available) before legal action may be taken. Special circumstances such as hospitalization, chronic illness etc. will be considered in this process.

Absences that do not follow the circumstances to be valid causes for a student's absence are considered unexcused absences. The school may require documentation explaining the reason for the student's absence.

The school will utilize multiple procedures to identify the cause of a student's unexcused absenteeism, including interviews with the student, the student's parent(s)/guardian(s), and staff members or other people who may have information about the reasons for the student's attendance problem.

Make-up Work Following Absences

A good attendance record has a direct effect on grades. Generally, there is no substitute for actual classroom participation in the daily discussions and work. Students will be permitted to make up all excused absences and receive full credit for their work. However, it is the student's responsibility to obtain and complete the necessary assignments. Any work not made up will receive a zero grade. The amount of time a student is given to complete make up assignments will be at the discretion of the classroom teacher. Absence for family vacation is discouraged during the school year. Students who vacation with their parents during the school year should make arrangements in advance with their teachers for the completion of all graded work during their absence.

Students who are unexcused from school will not be allowed to make up missed work.

Truancy

A "truant" is defined as a child subject to compulsory school attendance and who is absent without valid cause from such attendance for a school day or portion thereof. The following events are examples of truancy:

- leaving school without teacher or parental permission
- staying home without parental permission
- being absent without medical excuse.

Students who miss more than 1% but less than 5% of the prior 180 regular school days without valid cause (a recognized excuse) are truant. A student is counted as truant if there is an absence during any part of the school day without permission from a parent/guardian and the attendance office is not notified of an absence. Students considered truant are subject to school discipline. Students who miss 5% or more of the prior 180 regular school days without valid cause are chronic truants. Students who are chronic truants will be offered support services and resources aimed at correcting the truancy issue.

Truancy Procedures

- Three Unexcused Absences – letter from the school to parents
- Six Unexcused Absences – second letter from the school and may result in a meeting with school personnel
- Nine Unexcused Absences – referral to the ROE Truancy Officer which could lead to a Truancy Review Board meeting or a court appearance

The following resources and supportive services are available to students with attendance problems and their parents or guardians: conferences with school personnel; problem solving by the building level team; referral to community agencies.

Student attendance is critical to the learning process. Truancy is therefore a serious issue and will be dealt with in a serious manner by the school. Chronic truancy (a child who is absent without valid cause for 5% or more of the previous 180 regular attendance days) will be reported to the Regional Superintendent of Schools for pursuit of legal remedy. A parent or guardian who knowingly and willfully permits a child to be truant is in violation of State law. A parent or guardian who knowingly and willfully permits a child to be truant may be

convicted of a Class C misdemeanor, which carries a maximum penalty of thirty days in jail and/or a fine of up to \$500.00.

A student who misses fifteen (15) consecutive days of school without valid cause and who cannot be located or, after exhausting all available support services, cannot be compelled to return to school is subject to expulsion for a period not to exceed two (2) years.

Tardiness

A student is tardy who arrives in the classroom after 8:00 a.m. or leaves before the completion of the school day. A student who is tardy must report to the office and sign in before going to class. Excessive tardiness may result in a truancy issue. Actions to follow include:

- call to parent
- letter to parent
- notification of truant officer
- notification of state's attorney
- conference with parent and truant officer

Discipline for tardies will be determined on a case-by-case basis.

Release Time for Religious Instruction/Observance

A student will be released from school, as an excused absence, because of religious reasons, including to observe a religious holiday or for religious instruction. The student's parent/guardian must give written notice to the building principal at least 5 calendar days before the student's anticipated absence(s).

Students with excused absences or excused for religious reasons will be given an opportunity to make up any examination, study, or work requirement within a reasonable time (usually one day for each day of absence).

School Fees:

Student fees are \$25.00 per year. Students will not be denied educational services or academic credit due to the inability of their parent or guardian to pay fees or certain charges. Students whose parent or guardian is unable to afford student fees may receive a fee waiver. Applications for fee waivers may be submitted by a parent or guardian of a student who has been assessed a fee.

Students will be charged for loss of or damage to school books or other school-owned materials. A fee waiver does not exempt a student from charges for lost and damaged books, locks, materials, supplies, and/or equipment.

Waiver of Fee Policy

The Illinois School Code requires each school district adopt a policy pursuant to the waiver of school fees. The Benton District No. 47 Board of Education has adopted the required policy for the 2022-2023 school year.

A fee waiver must be applied for and approved for every school year. Fee waivers cannot be applied for outstanding fees from previous school years.

A student shall be eligible for a fee waiver if at least one of the following prerequisites is met:

1) The student currently lives in a household that meets the free lunch or breakfast eligibility guidelines established by the federal government pursuant to the National School Lunch Act; or 2) The student or the student's family is currently receiving aid under Article IV of the Illinois Public Aid Code (Aid to Families of Dependent Children). The Superintendent or designee will give additional consideration where one or more of the following factors are present: 1) Illness in the family; 2) Unusual expenses such as fire, flood, storm damage, etc.; 3) Unemployment; 4) Emergency situations; and 5) When one or more of the parents/guardians are involved in a work stoppage.

The student's parent(s)/guardian(s) shall submit written evidence of eligibility for waiver of student's fee. A separate application form shall be submitted for each fee assessed to each student. Questions regarding the fee waiver application process should be addressed to the Superintendent. The Superintendent will review the applications for qualification of a waiver.

Failure to Pay Fees/Collection

To maintain the quality of our educational programs, Benton School District will make every effort to secure payment of student fees from each parent/guardian who is able to pay.

Pursuant to the Hunger-Free Students' Bill of Rights Act, the school is required to provide a federally reimbursable meal or snack to a student who requests one, regardless of whether the student has the ability to pay for the meal or snack or owes money for earlier meals or snacks. Students may not be provided with an alternative meal or snack and the school is prohibited from publicly identifying or stigmatizing a student who cannot pay for or owes money for a meal or snack.

When a student's funds are low or there is a negative balance, reminders will be provided to the staff, students, and their parent(s)/guardian(s) at regular intervals during the school year. State law allows the Building Principal to contact parents(s)/guardian(s) to attempt collection of the owed money when the amount owed is more than the amount of five lunches [or insert lower amount]. If a parent/guardian regularly fails to provide meal money for the child(ren) that he/she is responsible for in the District and does not qualify for free meal benefits, the Building Principal or designee will direct the next course of action. Continual failure to provide meal money may require the District to notify the Ill. Dept. of Children and Family Services (DCFS) and/or take legal steps to recover the unpaid meal charges, up to and including seeking an offset under the State Comptroller Act, if applicable.

Cafeteria:

Breakfast Program

Breakfast is served every day from 7:30 a.m. until 8:00 a.m. in the K-2 gymnasium. Please allow enough time to finish breakfast by 8:00 a.m. All K-4 students eating breakfast should enter the building through the north K-2 gym doors. Please do not arrive before 7:30 a.m. as no adult will be available to supervise. Students must eat in a respectful manner. Students are responsible for cleaning up their own mess and leaving the table and floor in a clean condition. If you finish eating breakfast before 8:00 a.m., K-2 students will move to the opposite side of the gym and have a seat on the floor. Third and fourth grade students will go to the 3-4 gym. At 8:00 a.m., students will be allowed to report to their classroom.

Lunch Program

A hot lunch will be served each day with cold milk. Lunch times are as follows:

Kindergarten	10:40 a.m. – 11:25 a.m.
1 st Grade	11:10 a.m. - 11:55 a.m.
2 nd Grade	11:35 a.m. – 12:20 p.m.
3rd Grade	12:00 p.m. – 12:45 p.m.
4th Grade	12:25 p.m. – 1:10 p.m.

Students are expected to eat in a quiet and respectful manner. They are to eat appropriately and ask permission to leave the table. Food is not to be traded. Any uneaten food is to remain on the student's plate for disposal.

Students who wish to bring a lunch should pack the food in an individual cooler-type lunch box with his/her name clearly marked on the outside. Lunch boxes will be kept in the classroom. No coolers or refrigerators will be provided. Milk will be available at \$.30 per carton. Once again, no food may be traded.

Nut-Free School

Benton Grade School K-4 is a “peanut and tree nut restricted” school. Due to numerous students with severe peanut and tree nut allergies, nut products are not served at school. This includes food items made with peanut oil and peanut butter.

Student Entrance Age and Procedures

Students entering kindergarten must be five years old on or before September 1 of any school year. Kindergarten students and all new students to Benton Grade School are required to submit a certified copy of the child's birth certificate and a health record showing up-to-date immunizations. Three forms of proof of address will be expected for all new students entering the district.

Failure to submit proof of health exam and immunizations shall result in exclusion from school until proof is provided. Such proof of immunizations is necessary for all students in kindergarten and for new students prior to entering school. Transfer students will be given additional time of 15 days for transfer of records.

Under normal circumstances, any pupil who is not a resident of the school district must be charged tuition.

Anyone who knowingly enrolls or attempts to enroll in the school district on a tuition-free basis a pupil who is known by that person to be a non-resident of the school district is guilty of a Class C misdemeanor.

Anyone who knowingly or willfully presents false evidence to a school district regarding the residency of a pupil for the purpose of enabling that pupil to attend any school in the school district without payment of non-resident tuition is guilty of a Class C misdemeanor.

Homeless Students

The McKinney-Vento Act governs the rights of homeless students. Each child of a homeless individual and each homeless youth has equal access to the same free, appropriate public education, as provided to other children and youths. A “homeless child” is defined as provided in the McKinney Homeless Assistance Act and State law. Generally, a homeless student is a student who does not have a regular, fixed place of residence. Homeless students have special rights regarding school choice, transportation, and proof of residency. If you have any questions, please contact the Superintendent of Schools at 618-439-3136 for more information.

Health Information/School Health Records

Please notify the school secretary of any change of:

Address

Telephone number

Emergency Contacts.

Please report to the school nurse any known allergies or any special medical condition of your child. Please report all communicable diseases your child contracts throughout the school year (e.g. strep throat, chicken pox, etc.).

Birth Certificate

A certified birth certificate is required to be supplied to school officials at the time of enrollment. If a birth certificate is not presented, the person enrolling the student will be notified that within 30 days he or she must provide a certified copy of the student’s birth certificate. If a certified copy of the student’s birth certificate is not provided, local law enforcement will be notified.

A student will be enrolled without a birth certificate.

Vision and Hearing Screenings

Students are screened for vision and hearing according to state requirements by the school nurse throughout the school year. Parents are urged to request a vision or hearing test at the onset of a potential problem.

Immunizations

All students shall provide proof of immunization from preventable, communicable diseases as required by state law before attending classes. In the case of a transfer student, a period of 30 calendar days, beginning with the first day of enrollment in the District, shall be given to meet the requirements. If a medical reason prevents a student from receiving a required immunization by October 15, the student must present, by October 15, an immunization schedule and a statement of the medical reasons causing the delay. The schedule and statement of medical reasons must be signed by an appropriate medical professional.

All students are required to present appropriate proof that the student received a health examination and required immunizations against preventable communicable diseases (including proof of one Tdap grade 6 thru 12) within one year prior to: 1) Entering Kindergarten, Pre-Kindergarten, or the first grade if not attending Kindergarten; 2) Entering the sixth and ninth grades; and 3) Enrolling in an Illinois school for the first time, regardless of the student's grade.

Students must present an up-to-date immunization record that meets all Illinois requirements or an immunization schedule from the physician. Lack of proper immunizations is subject to exclusion from school. Students who are not compliant with physical examination and immunization requirements and have not submitted a waiver to be exempt from immunizations will be excluded from school and will not be permitted to make-up work for academic credit for their absences.

The District will also report the student as truant. If a student submits a valid waiver to be exempt from immunization and is subsequently excluded from school due to a disease outbreak or due to his/her exposure to any of the diseases for which immunization is required, the excluded student will have the opportunity to make up all missed academic work for full credit.

A student will be exempted from the above requirements for:

1. Religious grounds if the student's parent/guardian presents to the building principal a completed Certificate of Religious Exemption.
2. Health examination or immunization requirements on medical grounds if a physician, advanced registered practice nurse, or physician assistant provides written verification.
3. Eye examination requirement if the student's parent/guardian shows an undue burden or lack of access to a physician licensed to practice medicine in all of its branches who provides eye examinations or a licensed optometrist; or
4. Dental examination requirement if the student's parent/guardian shows an undue burden or a lack of access to a dentist.

Parent(s)/guardian(s) may access informational materials regarding influenza, influenza vaccinations, meningococcal disease, and meningococcal vaccinations developed, provided, or approved by the Illinois Department of Public Health on the District website or at the District office.

Student Eye Exam Requirements

All children entering kindergarten or enrolling for the first time must have a comprehensive eye exam performed by a physician licensed to practice medicine in all of its branches or a licensed optometrist within one year prior to entry of kindergarten or first enrollment. These students must present proof of having been examined by an eye doctor by October 15 of the school year. Failure to do so may result in the child's report card being held until such exam takes place. Waivers to the requirement are available for financial hardship. Please contact the school nurse for details.

Student Dental Requirements

All students entering kindergarten, second and sixth grades must present proof by May 15 of the current school year of having been examined by a licensed dentist within the last 18 months. Failure to present proof allows the school to hold the child's report card until the student presents: (1) proof of a completed dental examination, or (2) that a dental examination will take place within 60 days after May 15.

School Nurse

The school nurse is available on a daily basis and can be reached quickly in case of emergency. The nurse's office is located in the 3rd-4th grade section of the Benton Grade School complex within the office area. The school nurse may be reached by calling 438-7181.

Contagious Disease Policy

The school will observe recommendations of the Illinois Department of Public Health regarding communicable diseases.

- 1. Parents are required to notify the school nurse if they suspect their child has a communicable disease.**
- 1. In certain cases, students with a communicable disease may be excluded from school or sent home from school following notification of the parent or guardian. The decision to allow attendance will be made by the school nurse.**
- 1. The school will provide written instructions to the parent or guardian regarding appropriate treatment for the communicable disease.**
- 1. A student excluded because of a communicable disease will be permitted to return to school only when the parent or guardian brings to the school a letter from the student's doctor stating that the student is no longer contagious or at risk of spreading the communicable disease.**
- 1. A Susceptibility List will be kept in each building indicating the students who are at risk due to lack of immunizations, medical exemptions, or religious exemptions. Parents of susceptible students will be notified in the event of a communicable disease outbreak.**

Our policy regarding contagious diseases children may come in contact with during the school year is as follows:

Chickenpox Children must stay home from school the minimum of five days after the last eruption with all pox having scabbed over or fallen off and no new lesions have developed for at least 24 hours. The student should be checked by the nurse before returning to class.

Pink Eye Students can return 24 hours after treatment has been initiated and as long as there is no discharge or mattering of the eyes.

Strep Throat The child may return to school after he/she has been on 24 hours of medication which is usually an antibiotic prescribed by your doctor and the child has been without fever for 24 hours.

Rashes The child will be sent home until we have a diagnosis from the doctor as to what the child has and if it is contagious to the other children. Please call the school office to inform us of the diagnosis.

Head Lice The Illinois Dept. of Public Health, Center for Disease Control (CDC) and Illinois State Board of Education all support children remaining in school. The school will observe recommendations of the Illinois Department of Public Health regarding head lice. Following identification by the school nurse, the parents will be notified and the child will be sent home. The child must be sent home. The student may return to school the morning after the first treatment with medicated shampoo for the head lice and medicated shampoo for scabies. Students absences after being sent home due to head lice will be excused for two days, any day following will be counted as an unexcused absence. We prefer you notify your doctor and use the product he/she recommends. In an effort to control the spread of head lice, it is extremely important that parents follow our procedure.

Fever Children should be free of fever without the use of medication for 24 hours before returning to school.

Medication Policy

Taking medication during school hours or during school-related activities is prohibited unless it is necessary for a student's health and well-being. When a student's licensed health care provider and parent/guardian believe that it is necessary for the student to take a

medication during school hours or school-related activities, the parent/guardian must request that the school dispense the medication to the child by completing a “Student Medication Authorization Form.”

No school or district employee is allowed to administer to any student, or supervise a student’s self-administration of, any prescription or non-prescription medication until a completed and signed School Medication Authorization Form is submitted by the student’s parent/guardian. No student is allowed to possess or consume any prescription or non-prescription medication on school grounds or at a school-related function other than as provided for in this procedure.

A student may possess and self-administer an epinephrine injector (EpiPen®) and/or an asthma medication prescribed for use at the student’s discretion, provided the student’s parent/guardian has completed and signed a School Medication Authorization Form. The Superintendent or designee will ensure an Emergency Action Plan is developed for each self-administering student. A student may self-administer medication required under a qualifying plan, provided the student’s parent/guardian has completed and signed a School Medication Authorization Form. A qualifying plan means: (1) an asthma action plan, (2) an Individual Health Care Action Plan, (3) an Ill. Food Allergy Emergency Action Plan and Treatment Authorization Form, (4) a plan pursuant to Section 504 of the federal Rehabilitation Act of 1973, or (5) a plan pursuant to the federal Individuals with Disabilities Education Act.

The school and district shall incur no liability, except for willful and wanton conduct, as a result of any injury arising from a student’s self-administration of medication, including asthma medication or epinephrine injectors, or medication required under a qualifying plan. A student’s parent/guardian must agree to indemnify and hold harmless the school district and its employees and agents, against any claims, except a claim based on willful and wanton conduct, arising out of a student’s self-administration of an epinephrine injector, asthma medication, and/or a medication required under a qualifying plan.

Students who are diabetic may also self-carry and self-administer diabetic testing supplies and insulin. Students who are diabetic must also have a Diabetes Care Plan on file with the school.

Administration of Medical Cannabis

The Compassionate Use of Medical Cannabis Program Act allows a medical cannabis infused product to be administered to a student by one or more of the following individuals:

1. A parent/guardian of a student who is a minor who registers with the Ill. Dept. of Public Health (IDPH) as a designated caregiver to administer medical cannabis to their child. A designated caregiver may also be another individual other than the student’s parent/guardian. Any designated caregiver must be at least 21 years old and is allowed to administer a medical cannabis infused product to a child who is a student on the premises of his or her school or on his or her school bus if:
 - a. Both the student and the designated caregiver possess valid registry identification cards issued by IDPH;
 - b. Copies of the registry identification cards are provided to the District;

- c. That student's parent/guardian completed, signed, and submitted a School Medication Authorization Form - Medical Cannabis; and
 - d. After administering the product to the student, the designated caregiver immediately removes it from school premises or the school bus.
2. A properly trained school nurse or administrator, who shall be allowed to administer the medical cannabis infused product to the student on the premises of the child's school, at a school-sponsored activity, or before/after normal school activities, including while the student is in before-school or after-school care on school-operated property or while being transported on a school bus.
3. The student him or herself when the self-administration takes place under the direct supervision of a school nurse or administrator.

Medical cannabis infused product (product) includes oils, ointments, foods, and other products that contain usable cannabis but are not smoked or vaped. Smoking and/or vaping medical cannabis is prohibited.

The District retains the right to use its discretion to regulate the administration of the product, which may not be administered in a manner that, in the opinion of the District or school, would create a disruption to the educational environment or cause exposure of the product to other students. A school employee shall not be required to administer the product.

Discipline of a student for being administered a product by a designated caregiver, or by a school nurse or administrator, or who self-administers a product under the direct supervision of a school nurse or administrator pursuant to this policy is prohibited. The District may not deny a student attendance at a school solely because he or she requires administration of the product during school hours.

The District reserves the right to restrict or otherwise stop allowing the administration of medical cannabis to a child if the District or school would lose federal funding as a result.

Failure to abide by the above procedures will be considered a disciplinary incident and will be dealt with on an individual basis and may include but is not limited to: notification of parents, after-school detention, and possible suspension.

Care of Students with Diabetes

If your child has diabetes and requires assistance with managing this condition while at school and school functions, a Diabetes Care Plan must be submitted to the school principal.

Parents/guardians are responsible for and must:

- Inform the school in a timely manner of any change which needs to be made to the Diabetes Care Plan on file with school for their child.
- Inform the school in a timely manner of any changes to their emergency contact numbers or contact numbers of health care providers.

- Grant consent for and authorize designated School District representatives to communicate directly with the health care provider whose instructions are included in the Diabetes Care Plan.

For further information, please contact the Building Principal.

Accident Insurance

Student accident insurance shall be available to all interested students. The coverage shall be accessible to each student for the cost detailed in the student insurance plan brochure distributed prior to student's enrollment. This policy will cover medical bills only to the limit of the policy; that is, the insurance company will possibly not pay the full cost of the doctor or hospital bill. Benton District #47 does not provide medical insurance covering student injuries.

Mandated Reporters

All school personnel, including teachers and administrators, are required by law to immediately report any and all suspected cases of child abuse or neglect to the Illinois Department of Children and Family Services.

Sexual Abuse and Assault Awareness and Prevention Education

Students will not be required to take or participate in any class or course in recognizing and avoiding sexual abuse if his or her parent or guardian submits a written objection. The parent or guardian's decision will not be the reason for any student discipline, including suspension or expulsion. Nothing in this Section prohibits instruction in sanitation, hygiene or traditional courses in biology.

Parents or guardians may examine the instructional materials to be used in any district sexual abuse education instruction.

No Smoking Law

Illinois law prohibits smoking by any person on public school property which includes school parking lot. The Benton Grade School District, as a result, has adopted a policy that prohibits the use of any type of tobacco products on school grounds.

Animals on School Property

In order to assure student health and safety, animals are not allowed on school property, except in the case of a service animal accompanying a student or other individual with a documented disability. This rule may be temporarily waived by the building principals in the case of an educational opportunity for students, provided that (a) the animal is appropriately housed, humanely cared for, and properly handled, and (b) students will not be exposed to a dangerous animal or an unhealthy environment.

Pesticide

In accordance with the state law, the Benton Community Consolidated School District No. 47 has adopted an Integrated Pest Management Policy. The district uses pesticides to keep its buildings and grounds free from insects, rodents, weeds, and other unwanted pests.

These pesticides are applied by licensed contractors or employees at times when students are not present. Please contact the building administrator if you desire more information or to be put on a notification list.

Asbestos

Benton Grade School is in compliance with the Asbestos Hazard Emergency Response Act (AHERA). As required, our buildings were initially inspected for asbestos. Our initial inspection was conducted on September 28, 1988. The AHERA law required that a visual surveillance of asbestos containing areas be completed every six months, and a re-inspection conducted every three years. The Inspection/Management Plan is available for public review in the District Office, 1403 S. Main St., Benton, IL. Should you wish to review the plans, please call 618-439-3136 to make an appointment between 8:00 a.m. and 4:00 p.m. The findings of the inspection indicate that safe conditions exist in all buildings; however, operation and maintenance programs will maintain and monitor the district continually to sustain this safety standard.

Bus Transportation

Bus Conduct & Transportation

The district provides bus transportation to and from school for all students. Students are expected to follow all bus safety procedures and rules. A list of bus stops will be published at the beginning of the school year before student registration. Students are not permitted to ride a bus other than the bus to which they are assigned. Exceptions must be approved in advance by the building principal.

While students are on the bus, they are under the supervision of the bus driver. In most cases, bus discipline problems can be handled by the bus driver. In the case of a written disciplinary referral, student bus problems will be investigated and handled by the assistant principal.

Students are expected to follow all school rules while on the bus. Students may be suspended from riding the school bus for up to 10 consecutive school days for violating school rules or for engaging in other gross disobedience or misconduct. The school may suspend the student from riding the school bus for a period in excess of 10 days for safety reasons. The district's regular suspension procedures shall be used to suspend a student's privilege to ride a school bus.

In the interest of the student's safety and in compliance with State law, students are also expected to observe the following:

1. Dress properly for the weather. Make sure all drawstrings, ties, straps, etc. on all clothing, backpacks and other items, are shortened or removed to lessen the likelihood of them getting caught in bus doors, railings or aisles.
2. Arrive on time at the bus stop and stay away from the street while waiting for the bus.
3. Stay away from the bus until it stops completely, and the driver signals you to board. Enter in single file without pushing. Always use the handrail.
4. Take a seat right away and remain seated facing forward. Keep your hands, arms, and head inside the bus.
5. Talk quietly on the bus. No shouting or creating loud noises that may distract the driver. Tablets, iPods®, iPads®, smart phones, and other electronic devices must be silenced on the bus unless a student uses headphones.
6. Help keep the bus neat and clean. Keep belongings out of the aisle and away from emergency exits. Eating and drinking are not allowed on the bus.
7. Always listen to the driver's instructions. Be courteous to the driver and other students. Sit with your hands to yourself and avoid making noises that would distract the driver or bother other passengers. Remain seated, keeping your hands, arms, and head inside the bus at all times.
8. Wait until the bus pulls to a complete stop before standing up. Use the handrail when exiting the bus.
9. Stay out of the danger zone next to the bus where the driver may have difficulty seeing you. Take five giant steps away from the bus and out of the danger zone, until you can see the driver and the driver sees you. Never crawl under a bus.
10. If you must cross the street after you get off the bus, wait for the driver's signal and then cross in front of the bus. Cross the street only after checking both ways for traffic.
11. Never run back to the bus, even if you dropped or forgot something.

Video and audio cameras may be active on busses to record student conduct and may be used for the purposes of investigation into misconduct or accidents on the bus.

Students who misbehave will be reported to the administration. A copy of this written report will be mailed home. The consequences of misbehavior on the bus will be determined on a case-by-case basis. Possible consequences include warning, noon detention, after school detention, temporary loss of bus riding privilege, or exclusion from bus riding privilege, or any other discipline as determined by the administration. Parents will be notified of bus suspension and in other cases deemed necessary. Video and audio cameras may be active on busses to record student conduct and may be used for the purposes of investigation into misconduct or accidents on the bus.

Students are subject to a suspension or expulsion from the bus for serious or repeated misconduct. The length of the bus suspension will be determined at the building level by the principal/assistant principal on a case-by-case basis. Students may be suspended from riding the school bus for up to 10 consecutive school days for violating school rules or for engaging in other gross disobedience or misconduct. The School Board may suspend the student from riding the school bus for a period in excess of 10 days for safety reasons. The district's regular suspension procedures shall be used to suspend a student's privilege to ride a school bus.

A parent may request a suspension review meeting to review the appropriateness of the bus suspension. The suspension review meeting will be conducted by the Board or a hearing officer appointed by the Board. If a hearing officer is appointed, he shall prepare a written summary of the evidence presented and present it to the Board. The Board shall review the hearing officer's report and take such action as it finds appropriate. This request would need to be in written form and sent to the District office.

A student who is suspended from riding the school bus and who does not have alternate transportation to school shall be allowed the opportunity to make up all missed work for equivalent academic credit. The suspended student will have 1 day for each day of bus suspension to complete the makeup work. It is the responsibility of the student's parent/legal guardian to notify the District that the student does not have alternative transportation to school.

If for some reason a student's normal transportation home is being altered for a day or short period of time, a written note from the parent/guardian must be given to the child's teacher. If this change in transportation involves riding the bus home, an administrator or school secretary must sign this note before the student may board the bus. If the school does not receive a written notice from the parent/guardian, the child will be sent home in the routine fashion.

If you need to call the school to change transportation home for a day, you must call school before 2:00 p.m. of the day of the change. Please do not call any later.

Video & Audio Monitoring Systems

A video and/or audio monitoring system may be in use on school busses and a video monitoring system may be in use in public areas of the school building. These systems have been put in place to protect students, staff, visitors and school property. If a discipline problem is captured on audiotape or videotape, these recordings may be used as the basis for imposing student discipline. If criminal actions are recorded, a copy of the tape may be provided to law enforcement personnel. Any student caught defacing, damaging or destroying video surveillance cameras will have to make restitution, and may be suspended, expelled, and/or recommended to an Alternative School and/or may be charged with criminal damage to school property.

Curriculum: **Classes Offered**

Kindergarten through 4th grade offers a complete curriculum of language arts, math, social science, science, P.E./health, fine arts, computer training and character development. Although all subjects are extremely important, emphasis is placed on the reading/language arts/math area of the curriculum in the primary grades in order to build a solid foundation for future academics. Delivery of instruction is provided through differentiation, using best practices and driven on student interests.

Response to Intervention (RtI)

In accordance with a federally mandated law, BGS K-4 has incorporated Response to Intervention (RtI). RtI is a multi-tiered approach that provides early identification and support for struggling students academically and behaviorally. Each student's progress is closely monitored at each stage of intervention to determine their needs.

Speech

Benton Grade School offers speech therapy to all students who have speech difficulties as determined by a trained speech therapist. Students are taken from class to participate in speech.

Internet Use

Internet access is available to students and teachers in the Benton District #47 schools. Our goal is to promote academic excellence by facilitating research, instructional innovation, and communication. Staff will provide guidance to students as they utilize electronic information resources to conduct research and other studies related to the district curriculum. Having access to the network is a privilege the district extends to its students. The failure of any user to follow these rules will result in the loss of privileges, disciplinary action, and/or appropriate legal action. The loss of privilege is one consequence of violating the District Acceptable Use Agreement. Students must have a signed parent/guardian permission form on file to gain access and agree to act in a

considerate and responsible manner in conformance with the guidelines outlined in the district internet acceptable use agreement.

Students are responsible for their actions while using the Internet/computer. Students can be punished if he/she purposely alters the computer from its set functions or browses internet sites (including chat rooms) for non-educational purposes. Students will be responsible for payment for repair of equipment as a result of vandalism and horseplay and for any charges brought about by violating the Acceptable Use Policy.

Students have no expectation of privacy in any material that is stored, transmitted, or received via the District's electronic networks or District computers. General rules for behavior and communications apply when using electronic networks. Electronic communications and downloaded material, including files deleted from a user's account but not erased, may be monitored or read by school officials.

The District is not responsible for any information that may be lost or damaged, or become unavailable when using the network, or for any information that is retrieved or transmitted via the Internet. Furthermore, the District will not be responsible for any unauthorized charges or fees resulting from access to the Internet.

Students are prohibited from accessing and/or distributing at school any pictures, written material, or electronic material, including material from the Internet or from a blog, that:

1. Will cause substantial disruption of the proper and orderly operation and discipline of the school or school activities;
2. Violates the rights of others, including but not limited to material that is libelous, invades the privacy of others, or infringes on a copyright;
3. Is socially inappropriate or inappropriate due to maturity level of the students, including but not limited to material that is obscene, pornographic, or pervasively lewd and vulgar, or contains indecent and vulgar language;
4. Is primarily intended for the immediate solicitation of funds; or
5. Is primarily prepared by non-students, unless it is being used for school purposes. Nothing herein shall be interpreted to prevent the inclusion of material from outside sources or the citation to such sources as long as the material to be distributed or accessed is primarily prepared by students.

The distribution of non-school-sponsored written material must occur at a time and place and in a manner that will not cause disruption, be coercive, or result in the perception that the distribution or the material is endorsed by the school district.

Access to Student Social Networking Passwords & Websites

School officials may conduct an investigation or require a student to cooperate in an investigation if there is specific information about activity on the student's account on a social networking website that violates a school disciplinary rule or policy. In the course of an investigation, the student may be required to share the content that is reported in order to

allow school officials to make a factual determination. However, school officials may not request or require a student or his or her parent/guardian to provide a password or other related account information to gain access to the student's account or profile on a social networking website.

Grading

Grades are based on academic performance, participation, and presence in class. Students in 2nd- 4th grade are assigned grades on the following basis: 59% and below = E, 60—69% = D, 70—79% = C, 80—89% = B, 90—100% = A. Students in Kindergarten and 1st grade are assessed using a skilled-based report card with a rating scale of a 1 = Does Not Meet Standards, 2 = Progress towards Standards, 3 = Meets Standards, 4 = Exceeds Standards: and NA = Not Assessed at This Time. A brief description of the 4 categories is below:

1. **Does Not Meet Standards:** not grasping key concepts, processes, and skills; area of concern that requires support.
2. **Progress towards Standards:** beginning to grasp and apply key concepts, processes, and skills; progressing towards stated benchmark.

Homework Policy

Our school has a goal to improve student scholastic achievement. Homework assignments are intended to reinforce skills. Failure to complete homework on-time for class can result in a supervised academic session at lunchtime to complete the unfinished homework. If a student does not have the homework completed for a class that meets before lunch, they will be assigned an academic session to complete that homework while they are eating. If they did not complete homework for a class that meets after lunch, they will be assigned an academic session for the next school day.

Promotion and Retention Policy

The Board of education adheres to the Illinois School Codes prohibition on promotion of a student to the next grade level based on social reasons, such as age. It is, therefore, the policy of this District that students shall be promoted to the next grade level based on the following criteria: successful completion of the curriculum for the assigned grade level (Pupil Progress Report); attendance/tardies; and state and local assessments. Individual Education Program goals completion will be used for special education students. Students shall not be promoted for purely social reasons.

If a student has not qualified for promotion to the next grade level using the above criteria the District shall provide the student with an individual remediation plan and accompanying services provided with RTI. These services may include special homework, tutorial sessions, increased or concentrated instructional time, modified instructional materials, and other modification in the instructional program. The final decision on promotion/retention will rest with the building principal.

Summer School

Students may have the opportunity to attend a special summer school program. However, summer school programs will be offered only at the discretion of the Board of Education, depending on available funds.

Transfer Students

Records of transfer students will be examined and evaluated for compliance with the above policy.

Exemption from Physical Education Requirement

In order to be excused from participation in physical education, a student must present an appropriate excuse from his or her parent/guardian or from a person licensed under the Medical Practice Act. The excuse may be based on medical or religious prohibitions. An excuse because of medical reasons must include a signed statement from a person licensed under the Medical Practice Act that corroborates the medical reason for the request. An excuse based on religious reasons must include a signed statement from a member of the clergy that corroborates the religious reason for the request.

Students with an Individualized Education Program may also be excused from physical education courses for reasons documented in writing by the student's doctor and approved by the case manager. A student who is eligible for special education may be excused from physical education courses in either of the following situations: 1) He or she (a) is in grades 3-12, (b) his or her IEP requires that special education support and services be provided during physical education time, and (c) the parent/guardian agrees or the IEP team makes the determination; or 2) He or she (a) has an IEP, (b) is participating in an adaptive athletic program outside of the school setting, and (c) the parent/guardian documents the student's participation as required by the Superintendent or designee. A student requiring adapted physical education will receive that service in accordance with the student's Individualized Education Program. Special activities in physical education will be provided for a student whose physical or emotional condition, as determined by a person licensed under the Medical Practices Act, prevents his or her participation in the physical education course.

Upon written notice from a student's parent/guardian, a student will be excused from engaging in the physical activity components of physical education during a period of religious fasting

Special activities in physical education will be provided for a student who's physical or emotional condition, as determined by a person licensed under the Medical Practices Act, prevents his or her participation in the physical education course.

State law prohibits the School District from honoring parental excuses based upon a student's participation in athletic training, activities, or competitions conducted outside the auspices of the School District.

Students who have been excused from physical education shall return to the course as soon as practical. The following considerations will be used to determine when a student shall return to a physical education course:

1. The time of year when the student's participation ceases; and
2. The student's class schedule.

Discipline

Benton Grade School is committed to excellence in its school program. It is our intention to make every effort to teach the children proper behavior before consequences are necessary. At this early stage of life, your child must be given time to become accustomed to authority other than that of the parent. Therefore, every effort will be made to teach students to make good choices about their behavior and to be respectful of themselves and others. In cases in which a student has repeatedly failed to follow the rules of respect, the child will be sent to the administrator.

Teachers have the responsibility of providing classroom management to ensure learning for all students. Students have to learn the responsibility of obeying school rules in order to maintain a setting conducive to learning. According to the Illinois School Code, a teacher may remove a student from the classroom for disruptive behavior. Any behavior that is unsafe to any student or teacher is prohibited. Please caution your child concerning this and other unacceptable behavior.

Efforts, including the use of positive interventions and supports shall be made to deter students, while at school or a school-related event, from engaging in aggressive behavior that may reasonably produce physical or psychological harm to someone else.

Behavior Consequences

Consequences for misbehavior will be determined by administrators, faculty, and staff. Factors influencing the consequence include the severity of the incident, prior student behavior, and previous disciplinary interventions.

The grounds for disciplinary action also apply whenever the student's conduct is reasonably related to school or school activities, including but not limited to:

1. On, or within sight of, school grounds before, during, or after school hours or at any time;
2. Off school grounds at a school-sponsored activity or event, or any activity or event that bears a reasonable relationship to school;
3. Traveling to or from school or a school activity, function, or event; or
4. Anywhere, if the conduct interferes with, disrupts, or adversely affects the school environment, school operations, or an educational function, including but not limited to, conduct that may reasonably be considered to: (a) be a threat or an attempted intimidation of a staff member; or (b) endanger the health or safety of students, staff, or school property.

School officials shall limit the number and duration of expulsions and out-of-school suspensions to the greatest extent practicable, and, where practicable and reasonable, shall consider forms of non-exclusionary discipline before using out-of-school suspensions or expulsions. School personnel shall not advise or encourage students to drop out of school voluntarily due to behavioral or academic difficulties. Potential disciplinary measures include, without limitation, any of the following measures:

1. Loss of recess (grade level or lunch).
2. Detention.
3. Card turned (classroom teacher)
4. Notifying parents/guardians.
5. Disciplinary conference.
6. Withholding of privileges.
7. Temporary removal from the classroom.
8. Return of property or restitution for lost, stolen or damaged property.
9. In-school suspension.
10. After-school study or Saturday study provided the student's parent/guardian has been notified. (If transportation arrangements cannot be made in advance, an alternative disciplinary measure will be assigned to the student.)
11. Community service.
12. Seizure of contraband; confiscation and temporary retention of the personal property that was used to violate school rules.
13. Suspension of bus riding privileges.
14. Suspension from school and all school activities for up to 10 days. A suspended student is prohibited from being on school grounds.
15. Expulsion from school and all school activities for a definite time period not to exceed 2 calendar years. An expelled student is prohibited from being on school grounds.
16. Transfer to an alternative program if the student is expelled or otherwise qualifies for transfer under State law.
17. Notifying juvenile authorities or other law enforcement whenever the conduct involves criminal activity, such as, illegal drugs (controlled substances), "look-alikes,"

alcohol or weapons or in other circumstances as authorized by the reciprocal reporting agreement between the District and local law enforcement agencies.

The above list of disciplinary measures is a range of options that will not always be applicable in every case. In some circumstances, it may not be possible to avoid suspending or expelling a student because behavioral interventions, other than a suspension or expulsion, will not be appropriate and available, and the only reasonable and practical way to resolve the threat and/or address the disruption is a suspension or expulsion.

Student Restraint:

Corporal punishment is banned. Corporal punishment does not include reasonable force as needed to maintain safety for students, staff, or other persons, or for the purpose of self-defense or defense of property. Reasonable force or physical guidance may be used to physically restrain students in limited circumstances that include: a) for their safety, b) if they are a threat to others, c) to prevent damage to school property, or d) if a student behavior interferes with a classroom or other scheduled program.

Isolated Time Out/Physical Restraint

School officials have the right to use isolated time-outs and physical restraints as defined in the school code. Isolated time-outs and physical restraints are to be used only when the student's behavior presents an imminent danger of serious physical harm to the student or others and other less restrictive and intrusive measures have been tried and proven ineffective in stopping the imminent danger of serious physical harm, not as a form of punishment or a means of disciplining a student, convenience for staff, retaliation, a substitute for appropriate educational or behavioral support, a routine safety matter, or to prevent property damage in the absence of imminent danger of serious physical harm to the student or others. A parent can request a copy of the district's policy by contacting the School Superintendent.

School Wide Expectations

Benton Grade School takes a pro-active approach to teaching and reinforcing behavioral expectations. Students are taught behavior expectations in all environments throughout the school. Appropriate behaviors are celebrated and reinforced.

School/Classroom Conduct

Each teacher will have an established classroom management plan in place. Students will be expected to follow established classroom routines and procedures.

Suspensions and Expulsions

Out-of-school suspensions and expulsions are only used for legitimate educational purposes. The district will make all reasonable efforts to resolve disruptions and minimize the length of exclusion to the greatest extent possible before disciplining a student with a suspension or expulsion. The District does not use zero-tolerance discipline except as required by federal law or the Illinois School Code.

In accordance with constitutional due process and statutory requirements, the Board of Education may suspend or expel students in cases of gross disobedience or misconduct that occurs on or off campus. This includes on school buses, at bus stops, while students are traveling to or from school, at school sponsored events, activities connected with the school program; any event having a nexus with the school; and at any other time such action is necessary for the safety and supervision of students.

The grounds for disciplinary action also apply whenever the student's conduct is reasonably related to school or school activities, including but not limited to: 1) on, or within sight of, school grounds before, during, or after school hours or at any time; 2) off school grounds at a school-sponsored activity or event, or any activity or event that bears a reasonable relationship to school; 3) Traveling to or from school or a school activity, function, or event; or 4) anywhere, if the conduct interferes with, disrupts, or adversely affects the school environment, school operations, or an educational function, including but not limited to, conduct that may reasonably be considered to: (a) be a threat or an attempted intimidation of a staff member; or (b) endanger the health or safety of students, staff, or school property.

Only the Board of Education may determine to expel a student from school. The Superintendent, Principal and Assistant Principals may suspend students from school or the school bus for up to ten (10) school days. Suspensions or expulsions of students shall occur in compliance with procedural regulations to be promulgated and implemented by the administrators of the district. Disciplinary measures other than suspension or expulsion shall be determined by the administration and established in general regulations governing student discipline.

Suspension: Suspension is the most severe form of discipline except for expulsion. It is the temporary removal of a student from school property for disciplinary reasons not to exceed ten school attendance days.

Suspension Procedures: Prior to suspension, a conference shall be held with the student to explain the charges. However, a pre-suspension conference is not required when the student's presence poses a continuing danger to persons or property or an ongoing threat of disruption to the educational process. In such cases, the notice and conference shall follow as soon as practicable. The student's parents should be notified via an attempted phone call. A written notice of the suspension shall state the reasons for the suspension, including any school rule that was violated, and a right to a suspension review. A copy of a notice shall be given to the Board of Education. Upon the parent's request, the Board of Education or appointed Hearing Officer shall conduct a review of the suspension. At the review, the student's parent(s) may appear, and may be represented by counsel, and discuss

the suspension with the Board or Hearing Officer. After presentation of the evidence or receipt of the Hearing Officer's report, the Board shall take such action, as it finds appropriate.

In School Suspension

When a student is placed into ISS they should arrive prepared to work on any and all homework that will be sent to them by their respective teacher(s). If a student becomes ill or is taken out of school for any reason and fails to complete a full day of ISS, that day will not count and the student will have to repeat a day in ISS. When in ISS the students must comply with the rules of ISS. Any failure to comply will result in one day of suspension from school. There also will be no outside food or drink allowed in ISS. If a student has an unexcused absence in conjunction with serving an ISS, then make-up work will not be permitted.

Out of School Suspension

A student's out of school suspension assignment is determined on a case-by-case basis and is at the discretion of school administrators and Board of Education. The level of consequences imposed will be consistent with the Illinois School Code. Students assigned to OSS will not be allowed on school district property at any time during their OSS. Out of School Suspensions are assigned only for days when school is in session. In the event that school is cancelled for any reason during the period of an out of school suspension, the student will serve the remaining day(s) of the out of school suspension period on the next day(s) that school resumes. During an out of school suspension assignment, the student will be permitted to make up all missed work, including homework and tests, for equivalent academic credit. Students who are suspended Out-of-School for longer than 4 school days may be provided appropriate and available support services during the period of their suspension as determined by school officials.

Expulsion

Expellable acts include, but are not limited to, serious misbehavior and/or illegal acts that threaten to impair the educational efficiency of the school and/or that most seriously disrupt the orderly educational process in the classroom and/or school. Expulsion may occur if misbehavior occurs on school property or at any school-sponsored or school-related activity on or off of school property that may cause a serious threat to the safety of the school community. Expulsion means removal of a student from school for more than ten consecutive school days and possible placement in an alternative setting for one (1) to two (2) school years. Placement in an alternative setting may not be offered under certain circumstances in accordance with the Illinois School Code. The terms of expulsion also mean that a student who has received out-of-school suspension, is being considered for expulsion, and/or has been expelled is prohibited from being on school/district grounds, at school-sponsored activities, or present at any function affiliated with the school district for the time span of the suspension/expulsion.

Expulsion Procedures

The following are expulsion procedures: 1) Before expulsion, the student and parent(s)/guardian(s) shall be provided written notice of the time, place, and purpose of a hearing by registered or certified mail requesting the appearance of the parent(s)/guardian(s). If requested, the student shall have a hearing, at the time and place designated in the notice, conducted by the Board or hearing officer appointed by it. If a hearing officer is appointed by the Board, he or she shall report to the Board the evidence presented at the hearing and the Board shall take such final action as it finds appropriate; 2) During the expulsion hearing, the student and his or her parent(s)/guardian(s) may be represented by counsel, present witnesses, and other evidence and cross-examine the witnesses. At the expulsion hearing, the Board or hearing officer shall hear evidence of whether the student is guilty of the gross disobedience or misconduct as charged. After presentation of the evidence or receipt of the hearing officer's report, the Board shall decide the issue of guilt and take such action as it finds appropriate.

Make-up Work Following Suspensions

School assignments missed during a disciplinary suspension from school require completion. The work will be graded, and credit provided. It is the responsibility of the student to initiate the make-up work. For suspensions of up to 3 days, the required work is to be completed within one week upon return to school. Longer suspensions will be dealt with on an individual basis.

Re-engagement of Returning Students

The building principal or designee shall meet with a student returning to school from an out-of-school suspension, expulsion or alternative school setting. The goal of this meeting shall be to support the student's ability to be successful in school following a period of exclusion and shall include an opportunity for students who have been suspended to complete or make-up missed work for equivalent academic credit.

Support Services

A student who has been suspended out-of-school for more than 4 days may be provided with support services during the time of the out-of-school suspension as deemed appropriate by school officials.

Weapons Prohibition

The establishment and maintenance of a safe educational school environment that is conducive to learning is a high priority to Benton School District. For this reason, students who engage in such activities as the use of or possession of a weapon, physically attacking faculty, staff, or other students, threatening or verbally abusing faculty, staff, or other students, theft, arson or vandalism are subject to extremely serious penalties.

A student who is determined to have brought one of the following objects to school, any school-sponsored activity or event, or any activity or event that bears a reasonable

relationship to school shall be expelled for a period of not less than one year but not more than 2 calendar years:

(1) A firearm, meaning any gun, rifle, shotgun, weapon as defined by Section 921 of Title 18 of the United States Code, firearm as defined in Section 1.1 of the Firearm Owners Identification Card Act, or firearm as defined in Section 24-1 of the Criminal Code of 1961. The expulsion period may be modified by the superintendent, and the superintendent's determination may be modified by the board on a case-by-case basis.

(2) A knife, brass knuckles or other knuckle weapon regardless of its composition, a billy club, or any other object if used or attempted to be used to cause bodily harm, including "look alike" of any firearm as defined above.

The expulsion requirement may be modified by the superintendent, and the superintendent's determination may be modified by the board on a case-by-case basis. Evidence obtained will be confiscated and turned over to the Superintendent of Schools and may be delivered to local authorities for possible prosecution, in all criminal cases. The student's parents will be notified.

Gang and Gang Activity Prohibited

"Gang" is defined as any group, club or organization of two or more persons whose purposes include the commission of illegal acts. No student on or about school property or at any school activity or whenever the student's conduct is reasonably related to a school activity, shall: (1) wear, possess, use, distribute, display, or sell any clothing, jewelry, paraphernalia or other items which reasonably could be regarded as gang symbols; commit any act or omission, or use either verbal or non-verbal gestures, or handshakes showing membership or affiliation in a gang; or (2) use any speech or commit any act or omission in furtherance of the interest of any gang or gang activity, including, but not limited to, soliciting others for membership in any gangs; (3) request any person to pay protection or otherwise intimidate, harass or threaten any person; (4) commit any other illegal act or other violation of district policies, (5) or incite other students to act with physical violence upon any other person.

Drug Free Zone

Benton Grade School is a "Drug Free Zone." No drugs, alcohol, cigarettes, E-cigarettes (JUULs), or any other chemicals used to stimulate, or "look alike drugs" are allowed to be possessed, sold, or used on or near Benton Grade School.

Off Campus Conduct

Students must follow school rules and policies at all school events which take place during, before, and after school hours or which have a reasonable relationship to school. The student will be held accountable for negative behavior in violation of the discipline code in these instances on or off campus.

This includes on school buses, at bus stops, while students are traveling to or from school, at school sponsored events, activities connected with the school program; any event having a nexus with the school; and at any other time such action is necessary for the safety and supervision of students. The grounds for disciplinary action also apply whenever the student's conduct is reasonably related to school or school activities, including but not limited to: 1) on, or within sight of, school grounds before, during, or after school hours or at any time; 2) off school grounds at a school-sponsored activity or event, or any activity or event that bears a reasonable relationship to school; 3) Traveling to or from school or a school activity, function, or event; or 4) anywhere, if the conduct interferes with, disrupts, or adversely affects the school environment, school operations, or an educational function, including but not limited to, conduct that may reasonably be considered to: (a) be a threat or an attempted intimidation of a staff member; or (b) endanger the health or safety of students, staff, or school property.

Dress Code

For the purpose of eliminating or reducing distractions and disruptions to the educational process, protecting and maintaining the health and safety of the students and employees the School District, and encouraging the neatness and cleanliness of its students, the Board of Education finds it in the best interest of the School District to establish regulations regarding the dress of students. A student's appearance, including dress and hygiene, must not disrupt the educational process or compromise standards of health and safety. The District does not prohibit hairstyles historically associated with race, ethnicity, or hair texture, including, but not limited to, protective hairstyles such as braids, locks, and twists. Students who disrupt the educational process or compromise standards of health and safety must modify their appearance. The Board has vested in the administration the determination of the appropriateness of student clothing in accordance with the following guidelines:

All students must be covered from their shoulders to their mid-thighs. clothes must be worn in a way such that backside and private areas are fully covered with opaque (not see through) fabric

All clothing must be clean and in safe condition.

Lost or discarded items found at school will be placed in lost and found receptacles which are located in our K-2 gym and our 3-4 gym. These items will be disposed of to a charity, service club, school-based use, or trash following each 9-week grading period.

Care of the Building

We ask everyone to take pride in our school building and school grounds. The school grounds have beautiful landscaping which is kept neat and trim. We are very proud of our facilities and need your help in keeping them clean and maintained. Students marking on or damaging school equipment or property in any way will be required to clean the article and pay for damages. The law specifically provides that parents and students are responsible for damages to school property or materials loaned to students.

Search and Seizure

To maintain order and security in the schools, school authorities are authorized to conduct reasonable searches of school property and equipment, as well as of students and their personal effects.

School property, including but not limited to, desks and lockers is owned and controlled by the district and may be searched by school authorities at any time. School authorities are authorized to conduct general administrative inspections of school property without notice or consent of the student and without a search warrant.

As stated in the Illinois School Code 105 5/10-22.6, school searches may be done to maintain order and security in schools. School authorities may inspect and search places and areas such as lockers, desks, parking lots, and other school property and equipment owned and controlled by the school, as well as personal effects left in those places and

areas by students without notice or consent of the student, and without a search warrant. As a matter of public policy, the General Assembly finds that students have no reasonable expectation of privacy in these areas or in the personal effects left in these areas. School authorities may request the assistance of law enforcement officials for the purpose of conducting inspections and searches of lockers, desks, parking lots, and other school property and equipment owned or controlled by the school for illegal drugs, weapons, or other illegal or dangerous substances or materials, including searches conducted through the use of specially trained dogs. If a search conducted in accordance with this section of the law, local ordinance, or the school's policies/rules, produces evidence, such evidence may be seized by school authorities, and disciplinary action take.

If a search produces evidence that the student has violated or is violating either the law or the school or district's policies or rules, evidence may be seized and impounded by school authorities, and disciplinary action may be taken. When appropriate, evidence may be transferred to law enforcement authorities.

School authorities may search a student and/or the student's personal effects in the student's possession (such as, purses, wallets, knapsacks, book bags, lunch boxes, etc.) when there is a reasonable ground for suspecting that the search will produce evidence the particular student has violated or is violating either the law or the school or district's student rules and policies. The search will be conducted in a manner that is reasonably related to its objective of the search and not excessively intrusive in light of the student's age and sex, and the nature of the infraction. School officials may conduct an investigation or require a student to cooperate in an investigation if there is specific information about activity on the student's account on a social networking website that violates a school disciplinary rule or policy. In the course of an investigation, the student may be required to share the content that is reported in order to allow school officials to make a factual determination. School officials may not request or require a student or his/her parents/guardians to provide a password or other related account information to gain access to the student's account or profile on a social networking website.

Field Trips

In an effort to provide alternative learning for students, teachers will arrange field trips periodically throughout the school year. All students will have the opportunity to be transported by bus. Only district employees and assigned college students may ride the bus. Field trips are a privilege for students. Students must abide by all school policies during transportation and during field-trip activities, and shall treat all field trip locations as though they are school grounds. Failure to abide by school rules and/or location rules during a field trip may subject the student to discipline.

All students who wish to attend a field trip must receive written permission from a parent or guardian with authority to give permission. Students may be prohibited from attending field trips for any of the following reasons:

Failure to receive appropriate permission from parent/guardian or teacher;
Failure to complete appropriate coursework;

Behavioral or safety concerns;

Denial of permission from administration;
Other reasons as determined by the school.

The Illinois IAR Tests

The State of Illinois will be administering new state testing to all children throughout the state. The IAR Test will be administered throughout the year. Parent Teacher Organization

The P.T.O. is an organization of parents and teachers for organizing events throughout the year. The group meets once a month in the K-4 library. The P.T.O. helps purchase classroom items for teachers, provides activities for students such as skate nights, and helps fund one trip per year for each grade level. The P.T.O. welcomes you to become a member of this organization. It is a terrific way to become a part of your school. Notice of monthly meetings will be sent home with your child.

Summer birthdays will be celebrated in August or May. **All treats and snacks must be store bought and prepackaged in individual servings.** (please remember we are

a “tree nut and peanut restricted” school). No homemade treats or snacks are allowed at school. Treats and snacks may not require refrigeration and must have a clearly printed list of ingredients on the packaging. Holiday parties will be held at the discretion of the classroom teacher.

(Individual party invitations for personal parties off school campus shall not be given at school unless every child (or every boy or every girl) in the class is to receive an invitation. The office is unable to release addresses and phone numbers of students.

Emergency School Closings

Along with using the School Messenger System, the Superintendent will notify television and radio stations as early as possible in the event that school should be closed due to inclement weather or emergency situations. In the event of an emergency early dismissal, every effort will be made to contact the parents. However, we encourage you to listen to radio and television for details. If you wish to pick your child up due to weather conditions, please report to the school office and sign your child out of school. The following are stations you should listen to concerning school closings:

Emergency Procedures

Every possible effort will be made to ensure your child’s safety during natural disasters or emergency situations. Fire, tornado, lockdown, and earthquake procedures will be practiced periodically throughout the school year. Teachers will do everything necessary to keep each child safe and calm in the event of an emergency. Please rest assured that teachers and administrators will stay with the children until help arrives. No child will be left unattended at any time.

Safety Drill Procedures and Conduct

Safety drills will occur at times established by the administration. Students are required to be silent and shall comply with the directions of school officials during emergency drills. There will be a minimum of three (3) evacuation drills, a minimum of one (1) severe weather (shelter-in-place) drill, a minimum of one (1) law enforcement drill, and a minimum of one (1) bus evacuation drill each school year. There may be other drills at the direction of the administration. Drills may not be preceded by a warning to the students.

However, parents/guardians may opt out of student participation in the law enforcement lockdown drill.

Student Records

A school student record is any writing or other recorded information concerning a student and by which a student may be identified individually that is maintained by a school or at its direction or by a school employee, regardless of how or where the information is stored, except for certain records kept in a staff member's sole possession; records maintained by law enforcement officers working in the school; video and other electronic recordings that are created in part for law enforcement, security, or safety reasons or purposes; and electronic recordings made on school buses.

Permanent: permanent record information shall include such things as student and parents' names and address, date and place of birth, and gender. Also recorded will be an academic transcript including grades, class rank, graduation date, grade level achieved, attendance record, health record, and a record of release of permanent record information. It may also consist of honors and awards received, information concerning participation in activities, athletics, or school organizations.

Temporary: this record may include family background information, intelligence test scores, and reports of psychological evaluation, elementary and secondary achievement level test results, teacher anecdotal records, accident reports, and disciplinary information. Also included shall be special educational files and all records related to special education placement hearings and appeals. There may also be any verified reports of information from non-educational persons, agencies or organizations along with other verified information of clear relevance to the education of student and a record of release of temporary record information.

Parent/Guardian Student Rights

The Family Educational Rights and Privacy Act (FERPA) and the Illinois Student Records Act (ISSRA) afford parents/guardians and students over 18 years of age certain rights with respect to their education records. They are:

- a. The right to inspect and copy the student's education records within 15 days of the day the District receives a request for access. A parent should submit to the records custodian, principal, or other appropriate official, written requests that identify the records they wish to inspect. The school official will make arrangements for access and notify the parent of the time and place where records can be inspected. Within 10 business days, the building principal will make arrangements for access and notify the parent/guardian or student of the

time and place where the records may be inspected. In certain circumstances, the District may request an additional 5 business days in which to grant access.

- b. The right to request the amendment of a student's records that the parent, guardian, or eligible student believes are inaccurate, irrelevant, or improper. Requests should be sent to the building principal and should clearly identify the record the parent/guardian or eligible student wants changed and the specific reason a change is being sought. If the District decides not to amend the record, the District will notify the parent/guardian or eligible student of the decision and advise him or her of their right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the parent/guardian or eligible student when notified of the right to a hearing.
- c. The right to consent to disclosures of personally identifiable information contained in the student's education records, except to the extent that FERPA and ISSRA authorized disclosure without consent. Disclosure without consent is permitted to school officials with legitimate educational or administrative interests. A school official is a person employed by the District as an administrator, supervisor, instructor, or support staff member (including health or medical staff and law enforcement unit personnel); a person serving on the School Board; a person or company with whom the District has contracted to perform a special task (such as an attorney, auditor, medical consultant, or therapist); or any parent/guardian or student serving on an official committee, such as a disciplinary or grievance committee, or assisting another school official in performing his or her tasks. A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility. Upon request, the District discloses education records without consent to officials of another school district in which a student has enrolled or intends to enroll, as well as to any person as specifically required by State or federal law. Before information is released to these individuals, the parents/guardians or eligible student will receive prior written notice of the nature and substance of the information, and an opportunity to inspect, copy, and challenge such records. Academic grades and references to expulsions or out-of-school suspensions cannot be challenged at the time a student's records are being forwarded to another school to which the student is transferring. Disclosure is also permitted without consent to: any person for research, statistical reporting or planning, provided that no student or parent/guardian can be identified; any person named in a court order; appropriate persons if the knowledge of such information is necessary to protect the health or safety of the student or other persons; and juvenile authorities when necessary for the discharge of their official duties who request information before adjudication of the student.
- d. The right to file a complaint with the US Department of Education concerning alleged failures by the District to comply with the requirements of FERPA. The name and address of the Office that administers FERPA is:

Family Policy Compliance Office
U.S. Department of Education

400 Maryland Avenue, SW
Washington DC 20202-4605

- e. The right to prohibit the release of directory information. Directory information may be disclosed without prior notice or consent unless a parent notifies the Records Custodian or other official in writing, before October of the current school year that they do not want any or all directory information disclosed. Directory information contained in an educational record that would not generally be considered harmful or an invasion of privacy if disclosed includes, but is not limited to, student's name, address, telephone number, electronic mailing address, photograph, date and place of birth, major field of study, grade level, enrollment status, participation in officially recognized activities and sports, weight and height of athletic teams, dates of attendance, degrees, honors, and awards received, and the most previous agency or institution attended.
- f. The right to a copy of any school student records prior to their destruction. Permanent records, which include the student's name, birth date, address, grades and grade level, parents' names and addresses, and attendance records, will be maintained for 60 years after the student has transferred, graduated, or otherwise permanently withdrawn from school. Temporary records, which include all information within the school student records not contained within the permanent record, such as family background information, intelligence tests scores, aptitude test scores, psychological and personality test results, teacher evaluations, and other information of clear relevance to the education of the student, will be maintained for 5 years after the student has transferred, graduated, or otherwise permanently withdrawn from school. Parents and students are put on notice that temporary records will be destroyed 5 years following the student's transfer, graduation, or permanent withdrawal from Benton School District.
